## 4-Way Weekly Message - January 31, 2023

1. **This week's regular Thursday meeting on Feb. 2, 2023, noon at Juniper will be Maria Ramirez. Maria is Redmond's parks planner and project manager. This will be a very interesting presentation.**

2. Be sure to respond to the weekly lunch **RSVP email from Nicole Gee** - [rotaryredmond@gmail.com](mailto:rotaryredmond@gmail.com). Please inform Nicole of any guests that will be attending. If you can't attend the regular meeting in person, you may be able to watch via the **ZOOM** link: [MEETING ZOOM](#).

3. We need a slate of officers for the **Elections on February 9th**. We are seeking at least three open Board positions for the next Rotary year beginning in July. We will solicit your suggestions at Thursday's meeting. You can also notify any of the following if you want to be considered for nomination.  
**Nominating committee:** Janice Burges, Paul Spain, Tyler Nokes, and Nick Mausen.

4. **Our Under the Sea Daddy Daughter Dance** scheduled for Saturday, Feb. 11 from 6-9 p.m. is fast approaching. This event is fun and tickets are available on our Redmond Rotary website. Watch the one minute [Promo](#).

5. **Today at 1:30**, the topic for the DACdb University training will be **"DACdb For New Users"**. If you are not familiar with what DACdb is and what it has to offer, this training will help you understand the basics and more.

If you haven't received an email invitation, log on to DACdb, go to our club calendar and click the box "Multi-District Events". There you will find the training and registration link. It's an easy way to gain valuable DACdb expertise at no cost to you! Remember, these sessions are all recorded for later viewing. Learn. Interact. Grow.
