A Tribute to Karl

Karl Kment passed away at the age of 97. Karl first joined Rotary in Hood River December 1, 1985. He transferred to the Redmond club on January 12, 2007. He was a significant donor to The Rotary Foundation as our club's first and only Level 3 donor. When asked about sharing his TRF contribution information, his reply was always "If it will be beneficial and encourage others to donate, go ahead". Otherwise, Karl always kept things pretty close to his chest. He also supported the Redmond Rotary Charitable Corporation. A memorial date/place has not been determined at this time.
