Quote of the Day

"It's the simple things that matter most: your family, the people you love, your health and sanity."

Thanks Sasha Rosenberg, DMD

Dr. Sasha Rosenberg provided us with an interesting and informative presentation about how oral health is connected to your overall health and wellness. Dr. Rosenberg also talked about the new technology that dentists are using to make precise diagnoses and less painful visits. Thank you Dr. Rosenberg!!!

Rotary Connections

Thank you Kevin Massie for your inspirational speech about the importance of Rotary connections. To build our club membership numbers we need to send a message that joining our club is a fantastic way to build business connections and opportunities, and serve our community as well!!!

Polio Update

Bruce Ketron advised that 7 cases of Polio have been reported this year. It is important that we keep vigilant in the fight against Polio.

Bruce also told us that if your corn squeaks...use corn oil! Hahaha
