Guests of Rotarians:

- Solomon Clark. Solomon has visited us a few times now it s time to fill out that application. Solomon works with Doug Brown.

Announcements:

- April 6 - Bill Gillespie plugged the District Training Assembly to be held in Ukiah.
- April 6: McKay track trail maintenance. Our club was well represented with 15 showing up to work (including friends and family members). The work included laying gravel mixed with something that looked like concrete on one of the trails. This included a lot of gravel shoveling and the pushing / dumping of heavy wheelbarrows uphill! Others of us pulled invasive weeds. It was a fun, productive day, but not short of some serious hard work! Fortunately, we shared the workload with Boy Scout troop 27. Thank you, Katie, for the trail pictures!

Acknowledgments:

Haider celebrated his anniversary on April 6th. To celebrate, he attended the above-mentioned District Training Assembly. Undoubtedly, he has plans for something a bit more romantic later.

Speaker: Greg Dale

Greg did not disappoint as he brought us up to speed on the wind farm plans. In true Greg Dale fashion, he both entertained and informed! Excellent presentation.
