Emily Kirsch led us in the Pledge of Allegiance and shared her appreciation for the club and all the great work our members do. She was able to help out yesterday with both Backpacks for Kids and our Brats Fundraiser Dinner and commented that it was nice to see such well-organized activities and gracious community members. Thanks for the kind words of gratitude and for being such an active member in our club, Emily!

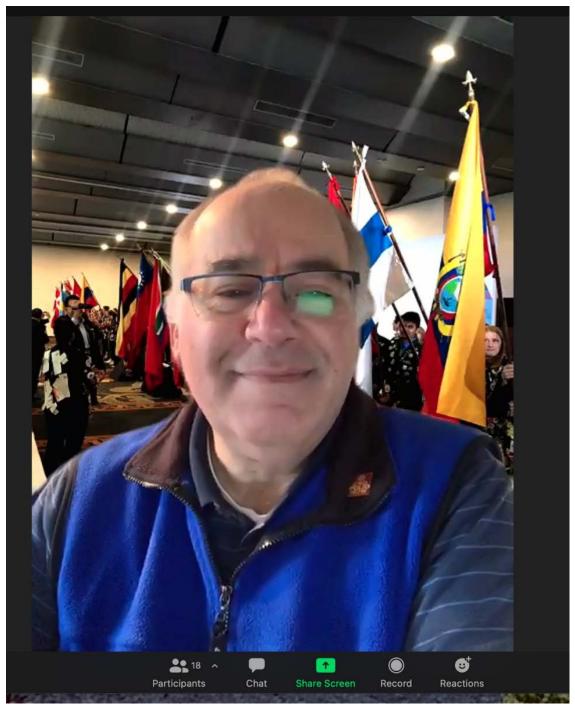

The Rotary Moment was about Rotary s WASH (Water and Sanitation Hygiene) program, which helps to provide access to clean drinking water and sanitary living conditions. John shared an informational video https://www.rotary.org/en/our-causes/providing-clean-water with the club.

What you don t know about me: John Ennis shared that he just celebrated his 70th birthday and feels like a historical expert. He shared that his father was in the Air Force; in 1954 when he was a very small child, they lived in Munich, Germany right after WWII; in 1955 their family was shipped to Madrid, Spain. Dependents couldn t live on base so the family lived in the cities instead - in a big house that even had a maid, though his father s position was mid-level communications they could still afford these accommodations in these foreign countries. One of John home had a view of a large crater and band of gypsies who lived there. Lastly, he shared a vivid memory of seeing polio survivors across those countries, pushing themselves around on skateboards. This is why he and Liz are so passionate about supporting Polio Plus.

Recognitions:

Matt Nilsen � happy birthday! Ken Davlin � happy anniversary! Each member was fined \$25 in absentia.

Program:

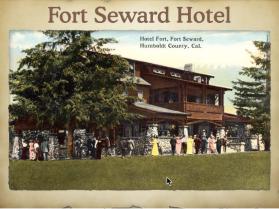

Jerry Rohde moved to Humboldt County in 1979. He has written three guide books to Humboldt County; Southern Humboldt Hinterlands is his latest book, which will be released soon. He is a Past President of the Humboldt County Historical Society and spent 19 years as historian at HSU. Jerry attended his first Rotary Meeting at four years of age in 1950 along with his dad • he won his own challenge of who had attended the earliest/oldest Rotary Meeting.

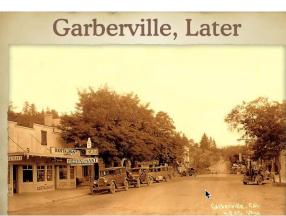

Jerry covered the historical stories of the communities surrounding the three forks of the Eel, with a few notable stories shared here:

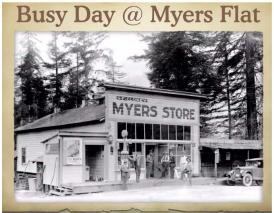

- Fort Seward � all that �s left is an abandoned Shell gas station
- South Fork all that I left is an abandoned railcar
- Garberville supplies used to be transported vis ship to Shelter Cove and then brought to Garberville by pack train
- Myers Flat the Myers Inn was built off of money earned while gold mining in the Klondike, plus Mr. Myers would pull people over with a fake sheriff so badge, tell them they were speeding and needed to appear in court the following day which would require a stay in his hotel, or pay the \$5 fine immediately he would then use the money to buy liquor
- Weott was a booming town until the floods, especially the 1964 flood, with many buildings never being rebuilt; check out the 26 high marker on the side of the road with the high water mark!
- Bridgeville was a crossroads between roads to other major areas on the coast and in Trinity
 County and Southern Humboldt. in 1960 a large fire destroyed the hotel which was never rebuilt
- Carlotta used to have a covered bridge and a swanky hotel, which also burned).

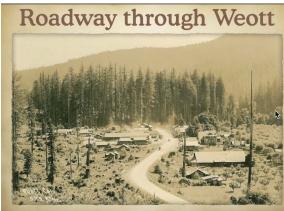

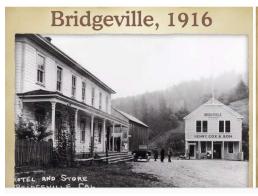

Closing Remarks:

John thanked Jerry for sharing his historical knowledge, built off interviewing many old-timer locals over his 42 years in the county. John also thanked everyone who joined this Zoom meeting, wished everyone a safe week and invited us all to return again next to next week so meeting.
