Program:

Greg Dale introduced himself as the guest speaker for his presentation on the Good Friday Earthquake that struck Anchorage Alaska on 3/27/1964.

Greg and his family were living there at the time when he was two years old. The 9.2 magnitude earthquake lasted for 4 minutes, killed 131 people total, 9 from the earthquake and 122 from the resulting tsunamis, including 11 people killed in Crescent City & 5 people in Oregon.

In addition to the lives lost and destruction, the total estimated costs for damages was roughly \$128 million.

Look at that (Ooooooo) coveted Southwest Rotary mug!

Meeting was adjourned at approx. 1:30pm.
