Student Peer-to-Peer Program on Drug Education 2/21/2023

By Rosemary Eng on Friday, February 17, 2023

San Mateo high school student and professional pharmacologist will speak about teaming up on an innovative student peer-to-peer program on drug education.

Cherise Wong, a senior at The [Nueva School](#) in San Mateo, will be speaking February 21 to Redwood City Rotary about the Youth Drug & Addiction Education Initiative (YDAEI).

Cherise founded the program after working on a research project on the neuroscience of addiction. Concerned about the increase of accidental overdose deaths among youth she felt that by understanding the neuroscience of addiction young people might be convinced to reject drugs.

In 2022, she partnered with the San Francisco Rotary Club and successfully launched a science and facts - based drug education program to over 100 middle school students in the Boys & Girls Clubs in San Francisco.
