LAST WEEK

We had another well attended meeting at the Community Center presided over by Prez Angela.

The program was presented by **Jeremy Rosenvall** from Sun Run Solar

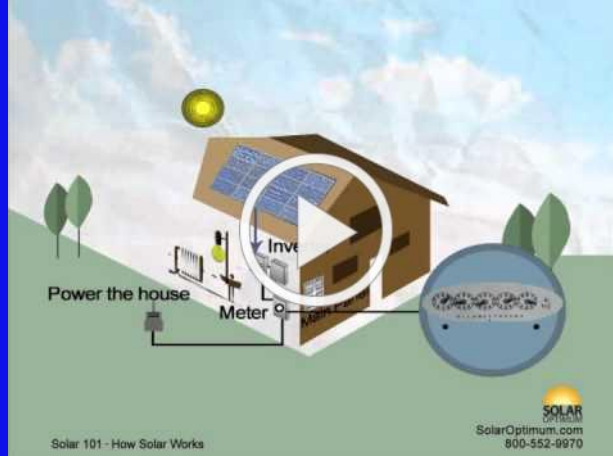

He provided an overview of how residential solar power works
As of 2020 all new residential building **REQUIRES** solar power.

Given that PG&E raised rates 15% in 2022 and will raise them another 18% in 2023, solar power should save all homeowners \$\$\$

He also alerted everyone to the upcoming change from NEM 2.0 to NEM 3.0 which is explained in the video below
