What is that?

Rotary Fellowships are international groups that share a common passion. Being part of a fellowship is a fun way to make friends around the world, explore a hobby or profession, and enhance your Rotary experience.

Marihelen Palmer

If you came to Black Bear this week, you may have thought that the Rotary Club meeting turned into playtime. But, in actuality, it was an interactive presentation by Marihelen Palmer. Marihelen is with Brick Time as well as Perpetual Bricks. Some of the programs and services that are available are workshops, team building, and special events.

Workshops

Brick Time provides fun and engaging activities to promote better business relationships and workforces. Corporate workshops can be tailored to meet specific needs such as team-building, creative thinking or problem-solving. A facilitator guides the group to communicate and find solutions to get the desired result.

Team Building

Every group can benefit from better communication and improved morale. With meaningful play, participants are engaged in the learning process, they gain valuable insights and create connections through open and honest discussions. Team building experiences are fun and challenging, they inspire learning, laughter and better understanding.

Special Events

Whether you're looking for an activity based on a specific theme, a well-being workshop or an event to celebrate a special occasion, Brick Time can help. All of our sessions are tailored to your needs in order to get the desired outcome. The possibilities are unlimited!

We were tasked with creating ducks from exact sets of LEGO® and it was interesting to see the different ducks that were created.
