**New Rotary Year - Imagine 2022**

"You may say I'm a dreamer, but I'm not the only one." With that line and a virtual introduction by RI President Jennifer Jones, our new Rotary year begins and Dr. Thuy DaoJensen begins her year as our Rotary Club President. I have no doubt it will be an exceptional year! We're looking forward to all the community service projects ahead of us.

**Summer Fest 2022**

Thank you to all the Oakley Rotarians and family members who came out to help with Oakley's Summer Fest 2022. The weather was perfect, good music was playing, community members were out checking all the vendor booths, children were playing and the aroma of delicious food filled the air. We poured 7 ½ kegs of beer and 3 cases of wine! That was just the warm-up because we have Friday Night Bites coming up on August 5, 2022. PP Dave Wahl will be leading us in this effort, so please look for a sign-up sheet or contact him directly to help out.

**It's A Party!**

Calling all Oakley Rotarians!! It's **Demotion Party** time!! We want to take time to celebrate IPP Hugh and all the accomplishments of 2021 - 2022 and wish President Thuy luck (lots of luck) as she takes over as Club President. Brenda and Jimmy have been kind enough to allow us to invade their backyard one more time as hosts for this event. We love IPP Hugh's tri-tip, but we want him to kick back and enjoy this party, so please bring a favorite dish to share. Feel free to bring the family to event too.

### **Western States Petroleum Association**

Thank you to Bob Brown, from Western States Petroleum Association (WSPA) for his presentation this week regarding California's energy usage. WSPA is a non-profit trade association that represents companies that account for the bulk of petroleum exploration, production, refining, transportation and marketing in the five western states of Arizona, California, Nevada, Oregon, and Washington. WSPA's headquarters is located in Sacramento, California. WSPA is dedicated to ensuring that Americans continue to have reliable access to petroleum and petroleum products through policies that are socially, economically and environmentally responsible. We believe the best way to achieve this goal is through a better understanding of the relevant issues by government leaders, the media and the public. Toward that end, WSPA works to disseminate accurate information on industry issues and to provide a forum for the exchange of ideas on petroleum matters.
