Speakers

Welcome Our Guest Speaker!

The Children's Crisis Center of Stanislaus County (CCC) is a private, nonprofit organization dedicated to serving the needs of high-risk children impacted by family crisis. Immediate program goals are to reach children at-risk and intervene with healing childcare, educational opportunities, and crisis mitigation services before family circumstances escalate into violence.

Incorporated in July 1980, the Children's Crisis Center has served the community for over 40 years with State Licensed Group Home, Day Care and Infant Care Centers. In response to community needs, the Crisis Center has expanded to include five shelter sites: Guardian House (Oakdale), Sawyer House (Modesto), Verda's House (Turlock), Marsha's House (Ceres) and Audrey's House (Modesto).

Message from the President

After a little break, it looks like we are back into the heat and back to hearing from our community. I hope to see you at our next meeting to listen to Tisha and the Children's Crisis Center and what they do for our local families.
