Turlock Sunrise
Latif's Restaurant
Wednesday at 07:00 AM

Speakers

Hello Everyone!

As I mentioned last week or if you haven't heard, we have a great Service Opportunity that we will be hearing about this Wednesday. The Healthy Room Project will be coming to talk about its impact on the youth in our community. See you then!

THE healthy room project

We believe that every child deserves the opportunity not only to survive but also to thrive in the comfort of their own bedroom. In partnership with local peace officers, The Healthy Room Project addresses the negative impact of dangerous living conditions and the lack of suitable spaces on at-risk children's physical and emotional development.

Through a one-day transformation, officers and volunteers unite to create safe, comfortable, and personalized bedrooms. We improve these children's overall quality of life by providing basic essentials for their development and growth. We also create a safe and nurturing environment for the kids to play, study, sleep, and flourish.

 500 POLICE PARTICIPANTS	 160+ BEDS
 16 CITIES	 4 KIDS PER ROOM
 1600+ VOLUNTEERS	

The Healthy Room Project is a 501C3 Non-Profit #87-4421434 Contact: mark@healthyroom.org
