Bulletin for 1/9/23

Monday, January 9, 2023

Lodi Police Chief Sierra Brucia will undoubtedly have details on our citywide state of emergency as well as an overview of his training at the FBI Academy. (Pres. Lisa arranged the Chief's visit.)

Upcoming meetings:

Jan. 16 — We may hear Tokay High Interactors compete in the first round of the District 5220 speech context. K.L. Johnson and Chris Olsen are working on arrangements for this.

Feb. 13 — New Lodi Unified School District superintendent Neil Young will talk to us about the meaning of state test scores and what Lodi USD is doing about them. Sounds like he's hitting the hot button.

If you know of someone who will expand our horizons with an interesting talk, please contact Dan Smith (510-599-4762; djsmith@bpschapel.com).

Upcoming Events:

February 4 (Saturday) — District Mid-Year Assembly (& Pre-PETS for Phil Marcus) open to **ALL Rotarians**. This is a great way for club officers, committee chairs, and new members, to focus on a variety of topics to enhance the strength of their clubs. Location: Mary Ann Sanders Elementary, 3101 Fine Ave, Modesto CA. Registration and breakfast are at 8:30 a.m. Sessions start at 9 a.m. and conclude at noon. Phil and the rest of next year's leaders in Dist. 5220 will convene for lunch at noon.

June 10 (Saturday) — Lodi Craft Beer Festival. Put it on your calendar and sign up for a job. All hands on deck.
