Bulletin for 5/8/23

Monday, May 8, 2023

Stockton Maritime Museum CEO Dave Rajkovich will tell us about his volunteer group's project to restore the USS Lucid, a Korean War era minesweeper. Many of its sister ships were built in Stockton. The restoration is nearly complete and the ship will soon be moored in downtown Stockton to become a major tourist destination.

Upcoming meetings:

May 15 — Reese School Principal Julie Vaz and the school's Student Leadership Team are our guest speakers. Pres. Lisa arranged for their talk.

May 22 — No membership meeting. The board will meet at Kettleman station.

May 29 — Memorial Day and fifth Monday; No Rotary meeting.

June 5 — Our speaker will be Phil Lenser who has just self-published his book titled "A Marine's Story: A Sniper Survives Vietnam." He tells the true story of a wounded Marine sniper who survived by crawling 7 hours with his spotter on his back.

June 12 — Akilah Manuel is Lodi's new head Librarian. She'll get us up to date on library programs including a new one for teens.

June 19 — Soon to be kicked out President Lisa Craig has called a club assembly. Don't miss the last get-together lead by Lodi's vice mayor.

June 26 — No membership meeting. Kickout is 5:30 p.m. at Mason Beach. See details in Upcoming Events, below.

Upcoming Events:

May 27-31 – Rotary International Convention. Melbourne, Australia

June 10 (Saturday) — Lodi Craft Beer Festival. Put it on your calendar and sign up for a job. All hands on deck!

June 26 (Monday) — The stove is already hot to roast outgoing Pres. Lisa. A short city council term with front page headlines and a year of iconoclastic tradition-bashing has left the Kickout Committee with rich fodder. Social lubrication begins at 5:30 p.m. at Mason's Beach, dinner's at 6:30 p.m.
