

Esteban Pauli, district International Service Chair was the guest speaker at last week’s meeting speaking about the international project that our club had a hand in sponsoring. The project was an ultrasound machine for a hospital that serves over 4000 women per year! One little known fact that I learned is that Esteban was the lead engineer of the remodel project of the Fox Theatre here in Hanford after the roof collapse. Thanks Yeti for bringing this project to the forefront and securing Esteban as our guest speaker.

Fire Chief Daniel Perkins will be our guest speaker tonight. Prior to Perkins moving to the Hanford Fire Department — he was with Kingsburg Fire previously — he had close ties to the leadership.

Perkins and former Hanford Fire Chief Steven Pendergrass were allies in the Central Valley, working closely together when delivering mutual aid to the nearby community of Laton.

Volunteers Needed

We have one more dictionary delivery slated for May 17th at Hanford Christian School. We will be delivering over 100 dictionaries starting at 8:30am. Let Prez Mark if you can assist in this worthwhile project which always ceases to amaze with the students reactions. Hope to see everyone this evening.

ROTARY CLUB OF HANFORD SUNSET MEMBERS

Mark Daniel– President
 Bruce Bentley – President Elect
 Mike Johnston – Membership
 Mary Johnston – Treasurer
 Kendra Weber – Secretary
