## Chancellor Cindy Larive UC Santa Cruz

Cynthia K. Larive is chancellor of UC Santa Cruz, a public research institution leading at the intersection of innovation and social justice. As a first-generation college graduate, a common thread throughout her career has been her commitment to student success, inclusion and equity. As chancellor, Dr. Larive has prioritized improving retention and graduation rates and eliminating equity gaps for students from groups traditionally underrepresented in higher education. Other priorities include advancing UCSC's research profile and impact, which were high-

lighted by our selection to join the Association of American Universities in 2019. She earned a bachelor's degree from South Dakota State, a master's from Purdue, and a Ph.D. in analytical chemistry from UC Riverside. She is a fellow of the American Association for the Advancement of Science and the American Chemical Society, and has received campus and national awards for her teaching, research and leadership.

*A Special Thank You*
