## Doug Rogers

*World Affairs Council Of The  
Monterey Bay Area*

Doug Rogers is currently the Publicity Chair for The World Affairs Council of the Monterey Bay Area. An “Army brat,” Doug was born on Cape Cod and grew up in New York state, Texas, Georgia, Alaska, and Japan. Both of his brothers graduated from West Point, so when it came time to choose a college and a career, he went into the family business, enrolling at West Point himself, where he was awarded a BS in engineering in 1969. Around this time, he married Ginny, the love of his life; they had two sons and were married for fifty years, until Ginny passed away in 2019.

Doug became an artillery officer and served in the Army for ten years, including a stint in Vietnam during the war. His last three years in the Army were spent at Fort Ord. He and Ginny decided then that Monterey was a special place, and they began investing in real estate here, although they did not settle down here for many years. Instead, after earning a master’s in human resources management from Pepperdine, Doug went to work for Kurt Salmon Associates (KSA), a management consulting firm based in Atlanta. This job took him all over the US and Puerto Rico. In 1985, he was sent to Asia, where he remained until he retired, living in Malaysia, Thailand, Singapore, and Hong Kong, while working for KSA, Polo Ralph Lauren, and as an independent consultant in just about every country in Southeast Asia and the sub-continent. His work involved creating and implementing production efficiency projects and personnel training, and assisting with strategic planning.

Doug and his family greatly appreciated the opportunity to live abroad and travel the world, making life-long friendships and seeing many interesting places. But he's also enjoying his retirement, which began in 2017. He fills his days with managing family assets, continued travel, three grandchildren, catching up on being an American in America after so many years abroad, and, of course, with his volunteer service to WACMB. At the moment, he is supervising reconstruction of his house after a 120-foot pine tree fell on it in a rainstorm in the middle of the night on January 27. Doug says that he has not had a boring moment yet in his retirement. It's easy to see why!
