And oh, by the way:

Boxer Kid McCoy gave us the phrase: "the Real McCoy"

Fragrant Red Gum trees clogged saws in harvest, thus giving us the phrase: "to gum up the works"

Airplanes finally got beams of light transmitted from the airport to guide landings, and thus: "on the beam"

## Visit from Governor Hale

"Defy Reality, Inspire Hope"! Governor Hale was indeed inspirational. Communicate...Collaborate...Create...Celebrate!

Help youth to be involved with the world. Find ways to participate in international projects as a club.

Her vision to share with us is that we see a world in which we create lasting change, for our communities and for ourselves as Rotarians!

## SkyWest Maintenance Guru

Tony Jewell welcomed David Pearson (and his wife, Sanger Rotary President Karen Pearson).

SkyWest is the largest regional airline, moving 40 million passengers in 2022 with 500 planes in 2400 flights per day, helped by 13,000 colleagues!

David looks after all the line maintenance trainers, with military bearing and a keen sense of humor. He spoke with tremendous encouragement to students to enter this rewarding and lucrative field, starting at about \$34/hour with tremendous growth potential. Students such as those in the Reedley College Aviation Maintenance Program can take advantage of their aggressive recruiting benefits!

## Chaplain, Youth Pastor, and Thoughtful Person!

President Jerry welcomed Kaley Ortman, who is Chaplain at Sierra View and Youth Pastor and First Mennonite. Kelly concentrated his comments on mental health of senior citizens. He reminded us that we are never done "being formed".

Many of the challenges to the mental health of seniors tie back to loss: loss of independence, loss of dignity, loss of community. So many have lost important friends and family, and quality of life. So what can we do? Treat our elders with respect.

## Fiesta!
