What are the Odds?? Bodkins, That Is

New hang out space in Reedley! What are the odds that Reedley would get the coolest new "magical elixir" spot? Really good odds! The developers of a new, swanky lounge, Odds Bodkins, shared their plans for the new site currently under construction on the ground floor of the Hotel Burgess. The lounge is based loosely on the exclusive Disneyland Club 33, and will offer clientele with a more sophisticated version of a hang-out spot, complete with baby grand piano, velvet lounge chairs, an apothecary bar, and yummy small plates and treats. The owners currently run the successful Hidden Hollow wedding venue in the county, and are

looking forward to bringing their quirky fresh vision to the Downtown. What are the odds that this bulletin writer will show up on day one? Pretty good! In fact, likely perfect.

The official YouTube Channel of Reedley High... >

Reedley High School Video Production and Design students showed off some awesome filming and editing skills that they are learning. Jonathan and Aiden, both seniors at Reedley High, shared their personal experiences learning video production and editing from RHS teacher Jim Lyons. During the pandemic, RHS sought a way to keep students connected to both their school and one another. The product of that desire is a weekly video called The RHS Connection, shot and edited exclusively by high school students. The video airs on You Tube and averages around 1,000 views weekly, with almost 10,000 views each month. The students also shoot and edit the RHS football games.
