Sanger Rotary's New Website

Monday, June 20, 2022

Sanger Rotary Club has joined the DACdb to host it's easy and beautiful website. You're going to enjoy this! When the transfer is completed, the web address should remain as www.sangerrotary.org, but the hosting site will be with the DACdb system. If you have any questions just ask Dennis!

Rotary Fellowships

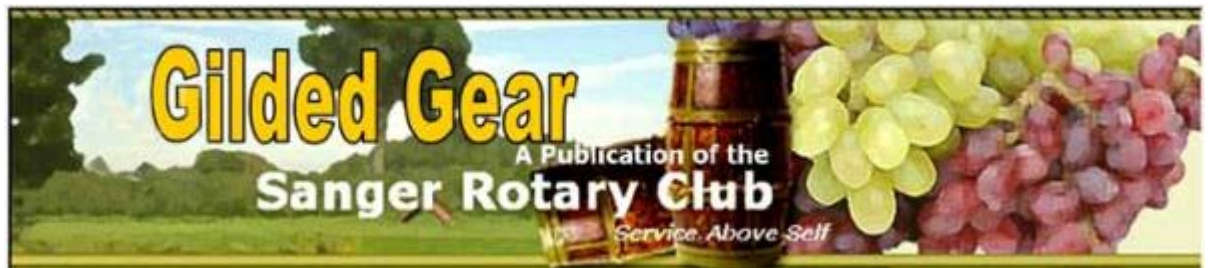

By Dennis C. Dorman on Wednesday, June 22, 2022

Do you have a hobby or passion you would like to explore with friends from around the world? Do you want to build community around your profession or cultural identity globally? Rotary's Fellowships are international groups that share a common passion or identity. Being part of a fellowship is a fun way to make friends around the world, explore a hobby or profession, and enhance your Rotary experience.

[Rotary Fellowships](#) Get involved in a fellowship during June, Rotary's Fellowships month. To explore all Rotary Fellowships, just visit the Rotary Fellowships page. Fellowships cover more than 90 topics and it is easy to connect. Just visit a fellowship's website to learn more about that group and connect with them directly.

The Gilded Gear

By Dennis C. Dorman on Sunday, June 26, 2022

So what is the Gilded Gear? It's been a long time since the Gilded Gear has circulated in Sanger Rotary and it used to be a weekly event. It was the club newsletter mailed each week to members to inform those who may have missed the weekly meeting and for the reading pleasure of all Sanger Rotarian family members. Before the age of the computer, a club editor would take notes during each meeting and when returning to work would have the notes typed, proofread, and copied (using a mimeograph machine) and mailed to the membership and a few others like the assistant governor for our area.

When email started taking over much of the "mailings" the Gilded Gear was circulated by email. It wasn't real popular in that format because individuals didn't print out a copy for the family to read. The major reason it disappeared was the difficulty in finding an editor! Guess what? It may be making a comeback . . . With the club website making a move to the DACdb, the tools available should make it easier to distribute a revamped Gilded Gear. Yes it will be "emailed" so if you want to share it with the family be sure your printer has ink and paper loaded!

As webmaster, I will be writing "stories" periodically and those stories will flow to the Gilded gear. Periodically means it may not come every week! Hopefully other members will contribute stories, for example a Director may want to summarize recent activity in their area. Training is free.
