Fresno County Farm Bureau

By Dennis C. Dorman on Saturday, May 20, 2023

Fresno County Farm Bureau (FCFB) is a non-profit membership organization founded in 1917 to promote and protect agriculture.

The bureau's current president and today's speaker is Mark Thompson.

Two areas of concern for FCFB are:

- Community Outreach: Agriculture production is the largest economic contributor in Fresno County. FCFB strives to highlight the importance of this industry through devoted community leadership and media outreach.
- Political Action: Farm Bureau represents its members at the local, state and federal levels of government, bringing interests to the forefront of discussions surrounding issues that affect the agriculture industry.

Mark provided details about the bureau and stressed the organization is "Pro-Youth". They are looking for young people for membership.

We had a big group of Rotarians at the meeting. Sixteen members and missing a few regulars, like Don Vincenti, Moe Say, Tim Lopez, and Todd Browne. Moe Say was "under the weather" so send her your best wishes for a speedy recovery! Rotarians in attendance enjoyed a great lunch. NO it was not *chicken!* We had pulled pork, mac & cheese, cole slaw, and rolls!

Before the program, President Adela rang the bell in honor of her daughter's graduation from Medical School. Dennis rang the bell in honor of his wife's birthday. Gene and Mel were fined. After the program, our speaker pulled two ping pong balls from the tub! Marc Johnson and Larry Pistacchio. \$100 each will be sent to Rotary International in their names towards a Paul Harris Fellowship.

Drive Carefully

Friday, May 19, 2023

Driving safely around children means keeping in mind their unpredictable nature, which translates to you slowing down and paying more attention to the road. Pay special

attention to schools, residential neighborhoods, and other areas where kids tend to congregate, but keep your eyes peeled whenever you see or anticipate children being around.

Sanger Rotary Club knows the importance of driving safely around children. To remind us to drive safely, Sanger Rotary has posted signs in various locations around town. Many of the signs have deteriorated and the club has decided to replace the old with new signs. The club board of directors approved the expenditure at the latest board meeting.

The outgoing school superintendent, Adela Jones, and incoming school superintendent, Dennis Weichmann, check out the outgoing and incoming "Drive Carefully" signs.

Rotarian Ray McCann has headed up the installation process and still has some signs that need to be installed. The Club purchased fourteen signs. After the May 19th Rotary Club meeting a number of the members stepped outside to inspect the new sign.

Website Tips

By Dennis C. Dorman on Friday, May 19, 2023

After more than fifteen years Dennis Dorman is stepping down from the role of "Webmaster". The club needs a volunteer to take over this simple task. Dennis has agreed to train, but he will not maintain.

The task is MUCH easier than it looks.

- All you need to do is keep up the calendar of events.
 - About two minutes per event. they "self expire".
 - Additional time might be needed if you want to add pictures or modify fonts.
- You should update the front page story periodically.
 - About two minutes if you copy and post a pdf.
- The club would like to see a bulletin.
 - Two or three stories make a nice bulletin.
 - Time needed depends on your typing skills.

If you have any questions feel free to ask me.
