3. Earth Day Cleanup on 4-27-19. President Janet Pancoast wants it on your radar.

4. The Field of Honor is coming up and we need sponsors at the smaller levels. We got \$1000 from Honda and Cadillac, George Baggott reported. Sponsorship and order forms will be emailed out soon. Please check your emails!

5. The Vocational Training Team from Australia needs host families. Please talk to Janet Pancoast or Susan Holland Johnson if you are able to host someone.

Student of the Month: Harmony Werth

Harmony is a brilliant and dedicated student that excels in her AP courses. She is involved in the Robotics Club at Coronado High School. Her Robotics instructor says she has an innate brilliance and passion for learning, paired with a goofy and fun-loving energy. She volunteers as a math tutor. She plans to get a BA in Engineering, and then get a Masters or work for an aerospace company. A major accomplishment that Harmony is proud of is getting a 5 on the AP Chemistry Exam because of the challenge that class was for her all year. She enjoys spending time with her pet rabbit, Cocoa. She also crochets! We wish Harmony all the best in her future endeavors.

Club Meeting

Green Valley
Meets at The Wildhorse Golf Club
2100 West Warm Springs Road
Henderson, NV 89014
Time: Thursday at 07:00 AM

The club was treated to a presentation by Coronado High School's staff and students. Ms. Taylor introduced her culinary students and they were applauded for the delicious breakfast and fruit and bread displays. She informed the club that they have lunch every Thursday for the public. People can reserve a spot, and get a meal cooked by the culinary students for \$8. It is part of their fundraising effort for their local and national competitions.

Ms Barlow oversees Activities and the Interact students, and told the group about all of the academic and vocational programs that they have on campus. Local business relationships help them build and expand their programs. Students compete in a lot of competitions across the country. They want kids involved in clubs so that they are part of the community. They have almost 3500 students in the school, and all of them are involved in something. The administrators are constantly going somewhere because of all of the competitions and opportunities.

Jasmine, President of the Interact Club, told the group about the Interact Club and their activities. Their Talent Show raised \$1018 for the Hyper foundation. They have a lot of connections throughout school, so they can usually get what they need for their community service programs. They collect books for kids in impoverished neighborhoods and set up free libraries. They have helped NHS with their clothing drives. They also do peanut butter and jelly-a-thons and donate sandwiches to organizations. They are a very active club!

President Janet Pancoast presented a donation to the school for their programs. The Principal said she will give it to the Robotics Club who have unexpected travel expenses due to competition.

Adjournment

There was no raffle, so Interact Club President Jasmine led the group in the recitation of the Four-Way Test of the Things We Think, Say or Do.

President Janet Pancoast adjourned the meeting at 7:55 a.m.

District 5300 News

Cyclone Idai ripped through Southern Africa and millions have

been affected in Mozambique, Malawi and Zimbabwe after what the UN says could be the worst natural disaster ever to hit the southern hemisphere. Floods have affected almost 1 million Malawians and forced at least 125,000 from their homes and sadly these numbers continue to rise.

[ShelterBox](#) is determined to reach as many families as possible.

District 5300 has asked us to share this with our Rotary Clubs to let our members know about this devastating storm and to give if you can. Help ensure that the people of Malawi are not forgotten during this time of destruction. For more information visit www.ShelterBoxUSA.org/Malawi
