## Fred Salas of Live Like Jack Foundation

### Live Life...Love Life...Give Life...

Fred Salas, Live Like Jack Foundation

Fred Salas, the program speaker for our Wednesday, January 9, 2025, meeting at Quiet Cannon, told us his gut wrenching story about the farewell he and his said to their beloved son, and the decisions they made in the two days after the attack that would ultimately impact the lives of five other people. On February 1, 2018, Jack Salas, only 10 years-old, suffered a severe asthma attack. Fred and Jessica decided to donate several of Jack's organs. Jack's organs helped to save three other children, and two adults.

In 2019 Fred and Jessica founded the Live Like Jack Foundation <https://www.livelikejackfoundation.org/> to raise awareness of the importance of organ donation. They want to dispel myths about organ donation, especially that no one is too old to be a donor, and that there is no cost burden to organ donation.

Becoming a donor is simple and urgently needed: over 100,000 people are waiting for an organ; 18 die every day. A single donor can potentially impact 8 individuals and their families.

If you aren't already a donor, you can sign up at [register.donatelifecalifornia.org/register/onelegacy](https://register.donatelifecalifornia.org/register/onelegacy) Southern California's Organ Procurement Organization (OPO), which is part of a nationwide network of OPOs. If you're renewing your driver's license, be sure to check "Yes" that you're willing to become an organ donor. Also, be sure to let your loved ones know that you are an

organ donor.

## Rotarian recognized as first Citizen of the Month for 2025
