

WALK AGAINST DRUGS ✓

PP RICHARD MURRAY COOKS 2000 HOT DOGS! ✓ NOV. 2007

PP Richard Murray coordinated this year's Rotary effort for the 19th Annual Mission Viejo Walk Against Drugs. Setting up at 7 a.m. and boiling hot dogs until all 2000 were done, a group of Rotarians and volunteers cooked, wrapped, and distributed (free of charge) all 2000 hot dogs. The participating club members had an enjoyable morning supporting the Rotary booth and the City of Mission Viejo's Walk Against Drugs event.

By the way, members had some great help; including several students from Capistrano Valley High School, Tesoro High School, and Newhart Middle School.

As adults, we realize the more drug free reminders we can offer our youth, the better chance we have to help them stay drug free throughout their life times.

~~I believe he was an Honorary Member since 7/89.~~

He had a nick name of "DOC" from college days.

He was a Office Machine. ^{OFFICE SUPPLIES} other ["]Stationary Store-Supplies Salesman.

The members enjoyed him because he always had a great sense of humor and humorous comments & told some good jokes. ^{H.A.} A very moral & ethical gentleman. He was very patriotic. Very sentimental in regard to his wife who passed on a number of years prior. They had no children. He married later in life & only had one love & one wife.

He was very sharp ^{had} a quick wit and ^{always} complimentary. ^{a Gentleman} All persons of the opposite sex were treated as "LADIES".

I got to know him quite well since I sold his last home for him. He was one of the first residents of Freedom Village. He was like the Mayor of Freedom Village. He was always promoting it & introduced me to most of the people in Management etc. ^{including a General Partner.}

^{+ From} I brought Doc to Many Meetings & back at Lunch Time since my office is so close to Freedom Village ^{and he gave up his car in his last couple of years.}

^{"MURPH"} The General Partner ^{happened to contact me in 1987.} "Murph" purchased

a lakefront home in Lake Forest thru me.

He had a sister in Washington State who I talked to on the phone a few times. And a Nephew in Long Beach who he brought to Rotary a couple of times.

on occasion, Doc would well up with sentimental feelings about

Doc left everything he had in the world to Rotary.

Doc & I were good friends. It was easy to be a friend to Doc.

ORIGINALLY FROM THE PHILA, PA AREA AND MOST OF HIS LIFE RESIDED IN FLINT, MICHIGAN. FLINT IS FAMOUS FOR THE LOCATION OF THE BUICK DIVISION OF GENERAL MOTORS.

ROTARY EXPERIENCE; JOINED 1986.

HELD THE FOLLOWING OFFICES; TREASURER, SGT AT ARMS, VP 1991-1992, PRESIDENT 1992-1993. AREA REP 1993-1994.

He took charge of the following; Esperanza pancake breakfast, Mission Viejo mayor's prayer breakfast, question of the day.- Many times involving Michigan- White elephant, fine master, Paul Harris Fellow and Foundation Chair.

He was usually the first one to arrive & the last to leave the meetings. He was instrumental in changing our meeting time from lunch to breakfast. He was affectionately known as the 'hammer' and was proud of the title.

He got things done!!!!!!

He would visit various members at their place of business to discuss the things that needed to be done in the name of 'Rotary'

and we were all proud to work on the progress of our club with Fred. He even had some Real estate leads for me on occasion. He passed on unexpectedly and we all felt a profound loss. He inspired us greatly. His was the burning desire not to spend the Wiggins memorial fund but to build it to a large amount.

For us to drop our loose pocket change in the brass spittoon each week which morphed into an agreed upon monthly payment on our invoices to eventually be large enough to then to earn interest enough to sponsor some High School/college students that were/are worthy, or other such good causes within the scope of the MV Rotary Club.

He was thinking & working on Rotary all week, not just at the meetings.

He was to the International Convention with Rick Murray in 1991. And probably to others.

He strived to assist each member of the club & especially the incoming Presidents. He was excited about broadening the club with 'lady' members & sponsored our first -Victoria- who he inspired to be a President of our club, as well.

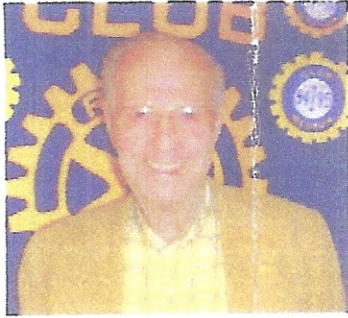

The bio on Fred could go on for pages & should. Each member is asked to add to the bio and have it truly represent 'Mr. Rotary'

FRED BUCKHALTER DOC WIGGINS MEMORIAL FUND

By unanimous consent, the Doc Wiggins Fund has been renamed the Fred Buckhalter - Doc Wiggins Memorial Fund to honor both outstanding Rotarians who have contributed so much to the growth and value of our club.

The Memorial Fund is a permanent fund and the growth of the fund is through individual voluntary contributions from club members and the interest accrued. The Doc Wiggins Fund was very dear to Fred's heart and he wholeheartedly supported it's concept of continued growth until it reached a point where the interest alone would support some of our club activities such as H.S. Scholarships with the principle to remain intact. It is governed by five past presidents.

Fred, What a guy! The Hammer! [Rotary Eulogy by DON WILE given on Friday May 18 at the Presbyterian Church of the Master]

5/18/01

Fred was affectionately known as "the Hammer" within the Rotary club. I should say "his" Rotary club, as the club was extremely important to him and he took it personal if everyone did not share the enthusiasm he applied to every project and task that benefited from his involvement. "The Hammer" nickname came from this enthusiasm to never let up in getting people and tasks moving toward the end objective.

Nothing got put off. With Fred, there is no better time to do something than right now. There is the belief in our club that Fred had changed his personal dictionary by removing the word "procrastination". He drove all of us, at one time or another to over-achieve in spite of our personal time constraints. If Fred said meet me at Esperanza School at 2:00, you better be there at 1:45, because if you were not there, he would be wondering if you forgot, and call to make sure you remembered.

I recall the first pancake breakfast that I worked with Fred. I was the chairman on paper, but I knew who the real chairman was. Fred made sure that I got all the information on prior events and personally went with me at Smart & Final to arrange the supplies and point out what size of container to buy. He handled the ticket production, set up the meetings with the school, sold tickets or should I say pushed tickets on companies and people who bought because a "no" was unacceptable. I got a first hand lesson in what "commitment" means from a master.

So in the second year at the breakfast, I assigned him the duty of mess sergeant. A duty and title that he grabbed on and ran the kitchen with firm love and commitment, making certain that each plate got only two sausages and only two. For sure the Hammer had plenty of love in all that he did. Personally, I believe Fred's hammer applied light taps and instilled his great passion on those that felt the light tap.

Fred was always there to help or advise on any subject. Like on the trip to build a Corazon house last year, the conversation on the way to Mexico got around to family and keeping in contact. Fred asked, Don, do you call your Mother every week? I said no, I didn't. Fred said with his gentle hammer, well start! He said that if you could see how Jean's face lights up when the boys call, I would understand how much those calls mean to a mother. A light tap from the Hammer. Needless to say I returned from that trip and called my Mom. That was Fred. Compassionate, giving, and alive with concern for others.

Everything was pretty black and white in his viewpoints. There were no gray areas. During my year as club president, the phone would ring and chances are it was Fred. Just making sure that I didn't forget to do something, giving advice on what the club had been doing, or what was I doing about some project. Nothing was clearer than, we should do all we can for our Rotary club to fulfill our commitment of "service above self". He will be missed. The laughter and fellowship that his question of the day brought to us will be missed. Supposed to raise money, it somehow always had trouble breaking even. Probably because the answer always somehow seemed to include Michigan. This was vintage Fred, it didn't matter that it didn't raise money, it was all worth it to have people laughing, kidding, alive in the spirit of Rotary.

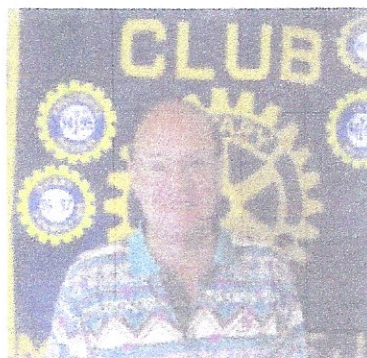

For Fred, nothing is more important in life than reaching out and touching others lives. We all felt the light tap of his hammer that kept us in focus and on track of our Rotary goals. He is present here to day, a part of each of us he touched in his life.

SHARING ROTARY

TELL US YOUR STORY

You are asked to join the Mission Viejo Membership Committee.

Each and every member of our club is being asked to **Share Rotary** and stand before the podium! One member each week, before the guest speaker starts the program, (starting with our membership chairman), is being asked to **SHARE ROTARY**. Tell us why you joined, who was your inspiration, your sponsor, how you came to be invited, why do you continue to find Rotary rewarding, the fun and work of Rotary!

BRING A GUEST

When we take this effort of keeping Rotary in our daily thoughts, we then take action by inviting a guest! It is strongly suggested that when you invite a guest that you pick up the guest and bring the guest to and from our meeting. This will not only give you the assurance of their showing but also gives you the opportunity of **SHARING** why they should consider the enjoyment of Rotary. Prospective guests can be an acquaintance, friend, neighbor, associate, business contact, customer, client etc.

JACK WILL PHONE YOU

Our membership Chairman, Jack Wallace, will phone you, in advance, as to the day when you are to **SHARE ROTARY**.

You will receive a handout of the **20 Good Reasons** and brief statements by well known Rotarians. You can use this material as a guide in preparing your 5 to 10 minute talk. Your message will also be printed in your bulletin.

SHARING ROTARY SCHEDULE

March 9-Jack Wallace(See Jack's Message)

March 16th-George Cooper

JACK'S MESSAGE

WHY I JOINED AND CONTINUE TO ENJOY ROTARY

"I am happy to be here with you this morning. I am starting off with this because this is how I feel on Tuesday morning at Rotary. I know that according to our finemaster, this is a \$5.00 fine, but it is worth it to me.

In the world of Rotary, in remembering the meetings we attended: it is said that we don't remember who the club president was but we always remember who introduced us to Rotary.

Approximately ^{APRIL 1976} Years Ago, I was introduced to Rotary by the owner of the store next to my office, interviewed me and asked me to join him at lunch with his friends at Rotary. I had recently moved from an adjacent town and opened an office in Landsdowne a suburb of Philadelphia.

ROTARIAN, JOE KUNZ picked me up and drove me to the meeting. He shared the following about why I should join Rotary: I was to have fun!! I was to meet leaders in the community!! I would learn from the interaction of myself and other club members!!! I would learn from the various speakers!! I would be challenged to give back to the community! I would have opportunity for social and business contacts. *JOE KUNZ* was right on the mark!!

What I actually received was all of the above, and a lot more that I did not expect!! I have enjoyed *MY* years of Rotary; meeting and enjoying many acquaintances and great friends. I have learned from these, and grown personally as well as professionally!! Thank you to *JOE* Yes, I am happy to be a Rotarian!! -Jack Wallace.
