MORNING MEETING REPORT

WEDNESDAY, November 2, 2022

Present: 22

Thought for the Day: Amy

Pledge: President Ryan

Four Way Test: Susan Kean

Student Reports: Brooklyn Rios, REV. Water Polo team won, Pie Day planned

PROGRAM: Joe Modica had to cancel...because of illness. Instead President Ryan led us through using DACDB to find up to date information about District 5330 and Club.

President Elect Troy updated us on plans for our Web page ...this will be connected to DACdb.

For those like me who are still not sure how all this works...if you open the District5330.org, then clic on member login you are then taken to the DACdb registration. If you have not already registered you will need to have your membership number which you find on your Rotarian Newsletter. Then set up a password and there you are... you will be able to find club member's phone etc. It's really quite easy...just took a certain adjustment of mindset for me!!!!

RSRX EVENING MEETING.

Asistencia.

Members Present 12

Program...very interesting! Genealogy.. Ancestry.com v. FamilySearch.org

SHAUN PRICE, has a 51 year history of genealogy research. He lead us through the varying aspects of the two data bases to search for our heritage. Generally speaking he would recommend FamilySearch.org as a place to start as it is free and all the data is in one location.

It is a system like Wikipedia where individuals can add information about their family including newspaper cuttings, photos etc. However, Ancestry.com does the DNA analysis which can provide interesting information! FamilySearch.com is free and there are no ads. Ancestry.com is a for profit and requires a monthly membership.

FamilySearch is sponsored by the LDS church, however, your privacy is respected.

Shaun searched a bit for each of us present. It was very interesting and I'm looking forward to having time to log on and check out for myself.

A financial advisor, Shaun is a limited partner with Edward Jones Financial Advisors. He is also very active in the community with Boy Scouts, Redlands Chapter of the Sons of the American Revolution, and was director of the Redlands/Yucaipa History Library for the Church of Jesus Christ of Latter-Day Saints for six years.
