Message from our President - July 2022

**Mary-Justine Lanyon
President 2022-23**

Dear Fellow Rotarians:

As I mentioned at my installation as your president, our new RI President Jennifer Jones' theme for the year is Imagine Rotary. So, working off her theme, my theme for the year is Let's Put Our Imagination to Work. There is no end to what we can imagine doing for our community – let's allow our imaginations to wander and then bring some of those ideas to fruition.

The two themes I felt came out of the international convention in Houston were peace and partnership.

Since Crestline was named an International City of Peace this year, let's think about projects that will help enhance the peace in our community. What are those projects? I don't know yet – let's brainstorm together.

As for partnership, we already partner with the Lions Club on the backpack and school supplies giveaway. Who else can we partner with? Together we can accomplish even more.

The three teachers from VOE Elementary School who are the advisors to our EarlyAct Clubs in the third, fourth and fifth grades will be joining us at our Aug. 4 meeting. Bill Mellinger and I are looking forward to having Linda Oswald join us as the Rotarians advising these clubs. What projects will these amazing children come up with this year?

Speaking of EarlyAct, did you see some of our EarlyActers past, present and future in the Jamboree Days parade? They proudly carried banners the entire parade route. Well done, EarlyActers!

Looking ahead, we have the Lobster Fest to look forward to on Sept. 17 and we will be coordinating the Thanksgiving Day dinner again this year, partnering with a number of other local organizations.

Michelle Branson will be our Programs chair this year. I know she will welcome suggestions from all of you for speakers you would like to have come and talk to us.

Thank you for entrusting me with the responsibility of being your president. I am counting on your help to make this the best Rotary year ever!

Rotary International President

Jennifer Jones RI President 2022-22

Jennifer Jones is the founder and president of Media Street Productions, an award-winning 27-year-old media company in Windsor, Ontario. She is a member of the Rotary Club of Windsor-Roseland.

Jennifer's talents have strengthened Rotary's reach and impact as she has served in roles including vice president, director, Rotary Foundation trustee, and co-chair of the End Polio Now: Make History Today fundraising campaign.

Jennifer is a leader in cultivating experiential fundraising opportunities, such as a day of golfing with Rotary polio ambassador Jack Nicklaus in Jupiter, Florida, USA, that raised over \$5.25 million for polio eradication. She also led the innovative #RotaryResponds virtual event in May 2020, which raised money for COVID-19 relief projects and showcased how Rotary members were responding to the pandemic around the world.

Working alongside political figures, celebrities, and global leaders, Jennifer has raised awareness and hundreds of millions of dollars to eradicate disease, support peace, and provide clean water and sanitation. An expert storyteller, she inspires hope and promise and motivates people to take action.

She has received the Service Above Self Award and The Rotary Foundation Citation for Meritorious Service. She holds a Doctor of Laws (LL.D.) and has been recognized with the YMCA Peace Medal and the Queen's Diamond Jubilee Medal, and she was the first Canadian to receive Wayne State University's Community Peacemaker Award.

Jennifer is married to Rotary member Nick Krayacich, a family physician. They share a love for travel, cycling, golf, and relaxing at their family cottage, in addition to adventures such as climbing to the summit of Kilimanjaro in Tanzania.

Jennifer and Nick support The Rotary Foundation as members of the Arch Klumph Society, Paul Harris Society, and Bequest Society.

RI President's Message - July 2022

Jennifer Jones RI President 2022-23

Every month since I joined Rotary, I've looked forward to reading this magazine, especially the opening essay from our Rotary president. I'll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization — the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor's offices, coffee shops, or anywhere else people sit, wait, and browse. It's great that Rotary members are better informed about all we do, and wouldn't it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider — our carbon footprint. I take seriously Rotary's emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories — we will be tweeting, posting, and "going live" to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years.

Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts — your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts.

We all feel the impact that Rotary service and values have on us. Now it's our opportunity to share that feeling with others.

District Governor's Message - July 2022

Governor Don Casper District 5330

Welcome to Rotary Year 22-23! We have 525,600 Minutes ahead of us this upcoming year to do great things in our communities, in our district, and in our world.

I am proud to introduce our District Theme for 22-23: Make Rotary Relevant!

I ask each of you D5330 Rotarians to keep this in mind with everything you do in the name of Rotary. We need to make sure WHAT we do, HOW we do it, and WHY we do it are RELEVANT.

We need to make Rotary Relevant to our MEMBERS. We do this by hosting exciting, meaningful, and relevant projects, meetings, activities, socials, etc. By doing this, we can attract new members who want to be a part of something relevant. At the same time, it will keep engaged our current members because Rotary remains relevant to them. We need to close the back door in our clubs. We cannot add six while losing eight. We need to keep all of our members engaged and not losing interest in Rotary by making our club Relevant to them.

We need to make Rotary Relevant to our Community. We need to find out what our community needs and try to help them. If we don't know what they need, we should to ask them. Maybe conduct a Community Assessment? Once we understand their needs, then let's help address those needs. Let's focus on what is important. Let's put our effort into those projects and activities that are most relevant to our community. Let's be a great community partner that people take notice of and say Rotary is Relevant to our Community.

We need to make Rotary Relevant to our Partners. We work with a lot of great groups and organizations in our community to get the job done. We interact with many other service organizations, businesses, and community leaders. They turn to us because for 117 years we have been People of Action. Let's be the strong partner. The one that gets things done. The one that other organizations want to work with. If there is a tough project out there, people turn to Rotarians to get the job done right.

We need to make Rotary Relevant to Ourselves. We, as Rotarians, invest a lot of time and effort in the name of Rotary. We make that choice. It is like discretionary income. After you pay your bills, you have so much money left and you chose how you will spend it. Maybe go out to dinner, a movie, a ball game, or a concert. You chose. The same is true of our discretionary time. We only have so much of it. And there are so many options on how to spend our time. We need to create the Rotary that fills our hearts and brings us satisfaction that we are making a difference in our community and the world beyond. And, a difference in Ourselves. Let us be proud of our investment of time and effort into this relevant organization.

I ask you to join me this Rotary Year and let's make D5330 and Rotary Relevant!

Foundation Gala
