Their services include court representation, real estate matters, family legal matters such as adoption and name changes, to estate planning needs such as will preparation, and more. PPLSI will monitor your personal identity information and if your identity is stolen, they provide full-service identity restoration to restore your identity to its pre-theft status. More than 47,000 small business members nationwide use the legal shield plan. More than 13 million, or nearly 60% of all small businesses have experienced significant legal events in the past two years. **Joke of the Week:** An engineer dies and reports to the pearly gates. St. Peter checks his dossier and says, "Ah, you're an engineer-you're assigned to hell." So the engineer reports to the gates of hell and is let in. Pretty soon, the engineer gets dissatisfied with the level of accommodations and starts designing and building improvements. After a while, they've got air-conditioning and flush toilets, elevators, etc.... and the engineer is a popular guy. One day, God calls Satan and asks, "So, how's it going down there?" "Hey, things are going great. We've got air-conditioning and flush toilets and elevators. There's no telling what our engineer is going to come up with next!" Satan says. "What? You've got an engineer? That's a mistake! Send him back immediately!" God says. "No way! I like having an engineer on the staff! I'm keeping him!" Satan says. "Send him back up here or I'll sue!" God says. Satan laughs uproariously and answers: "Yeah, right. And just where are you going to get a lawyer?"
