## Last Week's Program on the Hancock Symposium

By Carolyn J Perry on Monday, September 9, 2019

Last week Carolyn Perry's program was on the 2019 Hancock Symposium at Westminster College, and she invited club members to attend. The purpose of this annual event is to bring students, faculty, and the community together to learn about topics of broad interest. This year's theme is Breakthrough, and we are discussing scientific, social, political, and personal breakthroughs across the spectrum of human experience. Among the notable speakers are Nobel Laureate Dr. George Smith and former Secretary of State Dr.

Madeleine Albright. For more information, see <https://symposium.westminster-mo.edu/index.html>, or contact Carolyn.

The monthly Club Board Meeting will be held on Tuesday, September 10, at 5:15 pm. All interested Club members are encouraged to attend. We will meet at Missouri Propane Gas Association, 4110 Country Club Drive (Steve Ahrens' office). It is on the north outer road of 50 West between Walgreens (at Truman/Country Club) and the Hampton Inn (at Apache Flats just past Rainbow Drive). The board conference room is on the lower level, so drive around back side of the building.

## 2019 Walk to End Alzheimer's

By Carolyn J Perry on Monday, September 9, 2019

From President Julia: The Breakfast Club will participate in this year's Walk to End Alzheimer's, and we need at least five participants. I would like to encourage more members to sign up. Registration begins at **11:00 a.m. on Saturday, October 6, at Ellis-Porter Riverside Park Pavilion** (1425 Riverside Drive), and the walk will start around noon and is about one mile in length. This is a family event so bring everyone. As you know, Alzheimer's is ravaging our world. It is the 6<sup>th</sup> leading cause of death in United States. In the United States someone develops Alzheimer's every 65 seconds and 2/3 are women. Most everyone in our club knows someone touched by this disease—a family member, neighbor, or friend. Some of us might even be very concerned for ourselves or our spouse. Let us walk to raise awareness and support, and raise money to help research towards treatment, prevention, and ultimately a cure.
