Last Week's Program on World Polio Day

By Julia Prullage on Sunday, October 13, 2019

Last week's meeting highlighted World Polio Day, and President Julia put out the challenge to raise even more than we did last year, which was \$5080. Steve Dinolfo, Jim Keller, and Bob Reed are heading up our Polio Program for our Club. Due to technical difficulties with the WiFi at HyVee we were unable to complete the Polio video that was our program. Here is the link to view in its entirety: <https://vimeo.com/rotary/polioplus-video-resources>.

Greg Frank will continue with the 50-50 raffle for Polio. If your ticket is picked you have the choice of High Card or Poker. If you win you get ♦ the pot and ♦ goes to Polio. If you lose 100% of the days pot goes to Polio in your name.

Thursday October 24 is the day established by Rotary International to commemorate the birth of Jonas Salk who led the first team to develop a vaccine against poliomyelitis. It is the day that we are asking each of our clubs to hold an event or take action to publicly shine a light on this terrible disease that persists in only select places of the world and on the role Rotary plays in eradicating polio. We have made tremendous strides in getting ♦ this close ♦ to ending polio forever, and we must continue the fight until we can declare polio no longer a threat to humanity.

Meet at Orscheln ♦s or the former K-Mart on Missouri Blvd. Bring gloves --- trash bags and safety vests are provided.

2nd Service Project ♦ **Sign Veterans Day Cards**. October 19, 2019 Meet at Panera at 9:30 am ♦ 10:30 am. Veterans Day is coming up and we are out of regular weekly meetings to have a card signing. As we have done in the past, we are signing cards to send to Veterans at the Veterans Nursing home. Rotary and Open World ◆ a Congressional Program

By Julia Prullage on Sunday, October 13, 2019

Rotary clubs in the United States have a unique international and vocational service opportunity through Open World. Clubs host a small delegation of current and future leaders from Russia, Ukraine, and other Eurasian countries. Clubs prepare a professional program related to U.S. business, community and civic life, and host delegates in their homes. These visits help develop a network of leader who understand how American communities tackle contemporary issues. Since the program began in the 1999, Rotary clubs in 48 states and the District of Columbia have hosted 3,270 Open World participants, roughly 13% of all 25,000 participants.

Jefferson City Breakfast & Jefferson City Evening with participation from Jefferson City and Jefferson City West club have received a grant from RI to host an Open World Delegation from Azerbaijan on Climate Smart Agriculture.

All four Rotary clubs in Jefferson City have come together to put together 9 days of programs and Missouri hospitality. 32 hours of education has been arranged, including programs by Lincoln University and University of Missouri, plus Missouri Department of Agriculture, along with U.S. Department of Agriculture and Natural Resources Conservation Service. Six Rotarians have opened their home for the delegates, facilitator, and interpreter to stay during the visit. Delegates will be attending the Jefferson City Rotary Club on Monday and introducing themselves and their work. On Tuesday evening the delegates will be having dinner at the JC Evening Club during their regular meeting. Wednesday, November 6, in the evening, the delegates will give a presentation on Azerbaijan culture and history at Riverside Library start at 7 pm.

Saturday November 2 - Welcome Pot Luck Dinner Party. Bring a family favorite side dish to share and pass; entree and drinks provided. **RSVP to Don Neumann by Oct 27th or use the sign-up sheet.**

Fall Connection - November 9

By Julia Prullage on Monday, October 7, 2019

Fall Connection is our opportunity to come together as Rotarians from all corners of the District for good fellowship, to acknowledge achievements and awards during last Rotary year, and to celebrate Rotary Foundation month. The two clubs in Warrensburg have agreed to be our hosts for the event and will roll out the welcome mat for Rotarians from the entire district. I am encouraging each club to be represented at this gathering, and I hope each of you will join us as well. The program schedule is from 10:00am until 3:00pm and will feature a banquet luncheon catered by the University. Following the close of the formal session, we will have a special session to meet with Past District Governors for an update with District leadership.

Registration is now open on dac.db and I encourage you to register at your earliest opportunity. If you have difficulty with dac.db, let me know and we will get you registered.
