**Joplin Schools Mid-Year Review**

Joplin Schools recently adopted a new strategic plan and mission, and vision statement. The school district has worked this fall to improve its focus in particular areas for overall school improvement. The strategic plan's implementation and progress of the plan will be reviewed. Also, Dover Hill Elementary recently opened and is a point of pride for the district and community. An explanation of the new school's features will be discussed. And as the school district moves into the spring semester, several upcoming activities will be discussed along with proposed changes for the 2023-24 school year.
