District 6110 to participate in the 2023-2024 Rotary year. The program is held during the temperate months of 2024, when most activities are in full swing. An advance invitation provides time for the host club to plan and decide on the purpose, form, and duration of the reciprocal visit.

A Rotary Friendship Exchange is a program for Rotary members and non-members to take turns hosting each other, funded by the participants and not a significant financial burden. Exchanges are an important part of Rotary's international interchange. In addition to formal exchanges, world, exchanges often incorporate informal activities, and fellowship opportunities.
