This Week's Program - March 23, 2021

Rotary shares an interest in protecting our common legacy -- the environment.

Rotary is committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment. It empowers communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation.

This week we welcome our own **Beverly Parker**. She will present information on the Rotary Foundation's work on environmental issues and will also discuss the possibility of local projects our club could

sponsor.

Service Project -- Healthy Smiles

Pictured below are **Rotarian Dana Kennedy** and three students from Jonesboro Pre-k North. Students accepted 100 dental hygiene packets from the Rotary Club of Jonesboro. In addition to Rotarians, this project was supported by Pediatric Dental Clinic and the United Way of Jonesboro.
