### This Week's Program April 10, 2019

Dr. Jack Blackshear is a 77 y/o physician in Little Rock, currently the Medical Examiner for Federal Occupational Health. He graduated from Paragould High School in 1960 and from Hendrix College in 1964. He had his first flight in a T34 Mentor in Conway when a recruiter visited the college. Graduating from UAMS, he joined the Naval Reserve and became a Naval Flight Surgeon, learning to fly in Pensacola. He deployed to SE Asia during Vietnam, taking care of USMC fighter pilots and crews. He returned and completed a residency in Internal Medicine and Gastroenterology at UAMS. While in private practice he flew to rural hospitals in Arkansas to do GI procedures at the request of local doctors.

He is a member of the FAA Safety Team for central Arkansas. He has flown for Angel Flight South Central since 2011, and received the Pilot of the Year Award for Arkansas in 2012. He has over 1700 flight hours in private planes and co owns a Cessna 172 with 4 other pilots. He is instrument rated and maintains proficiency through the FAA WINGS Program. He has had the loving support of his wife, Bobbie, in these endeavors for almost 52 years. Yes, she will fly with him.

Today he will present charitable flying as an opportunity to give back.

## Four-Way Test

The Four Way Test of the things we think, say, or do...

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?
