Connection Report 4.22.2021

by Lee Ann Branch

Please let me know if you need to be included in this report.

870-230-2445 or joblab@suddenlink.net

Sally Jelinek texted, I won't be at Rotary Thursday. Taking a road trip to see the kids in Lufkin. Back Monday. Need a break.

Bill Goodwin Sunday (4.18) Bill began having tightness in his chest and had been short of breath. Due to his heart history, they admitted him to NPMC. A heart cath procedure went well on Monday morning and the arteries were all clear. Bill received a new pacemaker on Tuesday (4.20) and he got home yesterday (Wednesday the 21st) Even though he is tired from a 3 day hospital stay but can already tell his energy level is much improved.

Larry Wilson e-mailed me. X-rays show no breaks. I am scheduled for an MRI next week to see what kind of tissue, etc. damage may have been done. I had another bad episode last week when I went to the Doctor. She said I needed a Shingles shot and since it had been 6 weeks since my last Covid shot, she thought it would be OK. I had a horrible reaction to the shot. Worse than the reaction to the second Covid shot. I was really in bad shape, but I am better now.

As for Fran, she started experiencing headaches so we went to her doctor and they are going to get a CT scan to see if there is any problem.

We will make it somehow.

Cheryll Fiorndino (Bob's wife) Cheryll has a heart cath on Friday and mitral valve replacement on April 27th in LR. Heart cath went well and surgery is still scheduled for Tuesday the 27th.

Denny Galloway (Pam's husband) Pam wrote, No new news! Keep up the prayers. Denny's Diamondback procedure to crush up the calcium blockage and place the stent is still scheduled on the 28th. He's ready to start feeling better.

Pam Galloway gets her CT Scan today (4.15) on her knee/hip area to get her all fixed up again.

Greg Gillis e-mailed me. "I am doing better with my arm raising exercise. I'm having less pain doing them."
