Don Rowlett, Hot Springs Memorial Airport Director

L-R: President Chris Franklin, Speaker Don Rowlett, and Rotarian Scott Lauck
Rotarian Scott Lauck, who serves as chair of the Hot Springs Memorial Field Advisory Board, introduced our speaker, Airport Director Don Rowlett. Rowlett, a 40-year aviation industry veteran, has served as the director of our airport since April, 2023. With services to Memphis and Dallas, the airport also houses Medivac operations, Forestry Service, Civil Air Patrol training and operations, military support, disaster relief operations and staging, flight training, private and corporate aircraft storage, aircraft maintenance, community events and car rentals. The airport is self-sufficient, funded by fuel sales, hangar and terminal leases, ramp fees and non-aviation leases, such as event fees and ground leases. It is not funded by the city or county tax dollars. The facilities on the airport land include two runways, 95 hangars, 112 based aircraft, the Bill Edwards Center and also the Passport Center. The airport also provides jobs in many varied positions, including airport management and operations, grant management, business, security, maintenance, as well as pilots, and flight attendants, among many others, who serve as ambassadors to Hot Springs. Since Hot Springs is a destination city, the economic impact of our airport is important for getting many people into our town. While our airport may be small, we are fortunate to have such a well-run facility that will average 40-50 flights per day.

The Rotary Scholarship Trust Drawing

Rotarians Brent Atkins and Larry Bailey had their ticket numbers drawn, but the luck stopped there. The Ace of Diamonds continues to hide out in the deck.

Tune in next week when
we will start with:

\$ 632 in the pot
28 cards in the deck

Student Guest Speaker

Rotarian Lori Erickson introduced our student speaker this week, Celeste Rae-Garribay, a senior at Fountain Lake High School.

Garribay was one of our Camp RYLA students last year and is well rounded both academically and personally. She has a passion for serving others, an interest in leadership and making a change. She has decided to go into Forensic Analysis and then apply as an FBI agent and work as a criminal profiler. She plans to attend the University of Central AR Honors College with a major in psychology and biology and a minor in criminology. She believes this future career with the FBI combines her

desires of service and leadership.

Larry Levi introduced Jonah Wilburn, a senior from Mountain Pine High School for his first visit this week.

President Chris has announced for several weeks the new HSNP Rotary Club Foundation, which will fund grants to area non-profits and organizations for years to come. Our first fundraiser was announced recently:

Mark your calendars for **NOVEMBER 7** (yes, Election Night!), when **Rotarian Coaches Scott Dews and Bill Solleder** will go head to head with their all-star kick-ball teams to support our new foundation. The event will be held at Majestic Park beginning at 6PM. **Rotarians Stephanie Alderdice and Ashley Thompson** are chairing the Foundation Fundraising Committee and hope that many of you will volunteer for various aspects of this fun event. We will need sponsors, as well as volunteers for the night of the event. We are excited to share a fantastic opportunity for you to make a meaningful contribution to our upcoming fundraising event. We are

The next Board meeting will be held at the Hot Springs Country Club on **Tuesday, October 10 at noon.**

As always, all membership is invited to join us, especially new members who are trying to earn that coveted Blue Badge! Please let Donna K know if you plan to attend. If you'd like to have lunch with us, please come 15 minutes early so you can order off the menu prior to the start of the meeting.

Announcements

Calling all HSNP Rotary Veterans!

If you are a Veteran and have not yet talked with President Chris about our Veteran's Day Program, please reach out to him as soon as possible. Thank you and thank you for your service.

Check your DACdb information

As President Chris requested this week, Donna K will be sending out current membership directories next week. PLEASE look over your personal information and make any edits that are necessary. It is important that we have a way to contact you other than your email account, as sometimes those get changed for any reason. Please try to log into DACdb. Your user name should be your email address, and you can select "forgot password" if you do not know your password. Thank you!

Social Media input

We want to increase the social media presence of our club and members. Since many of you are involved in several different events and activities, please submit to Matt Barrett, PR Chair, (mattb@riserauto.com) a photo and information regarding some of your current community activities. If you haven't yet "liked" our Facebook page, please [CLICK HERE](#) and do so!

Student Guest Committee Chair Sarah Richardson requests that any Rotarian who has a child or grandchild that is a senior at one of our local high schools that you would like to see attend and speak to our club during the school year, please reach out to her or any member of the Student Guest Committee.

President Chris Franklin

The first time I flew in an airplane on my way to my military training when I was 21 years old. Since then, I have flown literally hundreds of times, and all around the world. While air travel today can be quite frustrating, I try to keep it in

historical perspective. I made it from here to Juneau, AK in about 12 hours this summer. Just 100 years ago, that trip would have required several days on a train, then several more on a boat. 100 years before, that would have been a trip that would have taken months if we were even able to complete the trip. (if you've ever studied westward expansion or played Oregon Trail you know that is not a given). Airports today are magic places. They serve as a portal that will transport people to exotic lands, or maybe to reunite with loved ones, or perhaps to a business workshop that you would rather not attend. One thing is for sure, no matter your purpose or destination, with air travel the sky is the limit. We enjoyed

having our new airport director, Don Rowlett, with us this week.
'When everything seems to be going against you, remember that the airplane takes off against the wind, not with it'. ~Henry Ford
