

Rotary Environmental

The Rotary Environmental Committee has a long history of project activity in Door County. Like many things, the pandemic prevented a lot of activities.

Long-term committee leadership by *Roger Anderson and Greg Meissner* left an amazing legacy of environmental projects, the major one being the drainage ponds at Little Lake.

John Swanson has volunteered to be the new *Environmental Chair* and, as of this point, recruited: *Coggin Heeringa, Thad Birmingham and Keith Mutchler* to join. Please contact John if you are interested (deanna.john72@gmail.com).

Each year the Environmental Committee sponsors a roadside cleanup of County TT from Hwy 42-57 to Mathe Road. The event always goes quickly and is an enjoyable outing.

Saturday, April 27th, was this year's cleanup. One of John's first acts as new committee chair was to clean up on an overcast dreary day to avoid wasting a nice spring Saturday.

The Intrepid Crew: Keith Mutchler, John Swanson, Joel Kitchens, Thad Birmingham and hidden nicely behind Coggin Heeringa, Ken Pabich. Thad's wife, was the photographer for the group, but declined a photo herself.

The Rotary Board has expressed an interest in increasing community projects going into next year and the committee discussion at the end of the cleanup indicates plenty of opportunities.

The cleanup took less than an hour and the group was headed home by 10am.
