On Thursday, Fred Colgren from the Gilmore car museum told us about the Abernathy Brothers. In 1910 those two, ages 6 and 10 rode horses from Frederick, Oklahoma to New York City. They then drove a 1910 Brush automobile back to Oklahoma – 2512 miles in 23 days. The Museum has the car. They are recreating the Abernathy brothers story with the car and two reenactors. The exhibit visits schools.

Don't forget our “5:01 Party” on Monday April 9 at the Kitchen House, at (of course) 5:01 PM
