

*Gull Lake Area Rotary Club Newsletter*  
*for April 8, 2021*

*Don Deibler, President*      *Pete Graham, Editor*

***“It is often easier to fight for a principle than to live up to it.” Adlai Stevenson***

**Upcoming Programs and Events**

April 8: Charlie Johnson – Funeral Planning

April 15: GLARC Member Introductions

April 22: TBA

**Thursday April**

28 people attended our meeting. Four graduate students from WMU shared their three-minute presentations on their research. They were originally done for a “Three Minute Thesis” competition. Kushi Bhat studies nuclear astrophysics, Iqbal Chahal has a project on driveline torque measurement in trucks, Victor De Brito studies evolution and ecology in fish, and Thomas Weinandy works with digital economics.

**Announcements**

Our next club meeting will be Thursday April 8, 2021. It will be a virtual meeting (Zoom) open to all: members, friends, visitors, and guests. You don't need a fresh link each week, but if you do need meeting participation instructions and link, contact Ed Schaadt.

Please read and respond to Bill Clancy's message regarding GLARC members (new and old) taking 15 minutes to introduce themselves to the club as part of a weekly program. Every one of us has interesting stories to share.

Our club will be sending get-well and sympathy cards to members and close family. When you become aware of the need for a card to be sent, notify Marty Hettinga at 269-998-3247.

If you or anyone you know would like to receive the GLARC weekly newsletter by U.S. Mail, please notify Pete Graham – 629-4117.

There will be a special GLARC Board meeting on April 8, following the club meeting. The regular Board meeting will be April 15.

The first 2021 Highway pick-up will be Thursday April 22 following the club meeting. Rain date: Saturday April 24. Contact Al Pollard

Volunteers are needed for the Ross Township Park project on Saturday, May 15. Contact Judi Brown.

GLARC Quarterly dues payments are due now. Send your check to Treasurer Steve Lewis.
