24 people attended our meeting. Our speaker was Freddy Gomez, owner of Pure Mex Mexican Restaurant in Richland. He told us about his family – his parents and siblings are all active in the restaurant business. Pure Mex is “Modern Mexican” but with authentic Mexican cuisine – including some family recipes. He loves Richland. In spite of the pandemic the restaurant is very successful. He is soon going to open a second location – in Grandville.

Mark Hancock was installed as our newest GLARC member.

The Gull Lake Schools are looking for volunteers to help with vaccination clinics for students. These clinics will be at the County Expo Center. You would direct people through the clinic, enter vaccination information into the vaccination tracking system (MCIR), help people make follow-up appointments, and if you have a health care background, possibly administer vaccine doses. If you want to help us vaccinate our students and you would be willing to volunteer to work at a vaccination clinic, please contact the GLCS School Nurse for more information.

The Village of Richland purchased 103 replacement flags (using previously GLARC raised funds.)

The Richland Independence Day Celebration and Parade and the GLARC Raffle will be on Saturday July 3.
