Club of Mattoon

Congratulations, Ally Walsh and Logan Samuelson, Rotary Students of the Month, February 2025!

Each month throughout the school year, Rotary recognizes two outstanding Mattoon High School seniors who are nominated by their teachers and selected as Students of the Month based on their academic achievements and citizenship. The students, and their special guests, visit a Rotary Club meeting and Rotarians have the opportunity to meet them and learn about their high school activities, achievements and future plans following graduation. What an inspiring group of current and future leaders!

Students of the Month

On February 19, Rick Hall recognized the Mattoon High School Rotary Students of the Month. Both students were nominated by Vinnie Walk who also attended the meeting. (See separate article.)

Programs

On February 19, Rick Hall introduced Dave Clark, Public Works Director, City of Mattoon, as the program speaker, noting that Dave was employed with IDOT for 28 years, then self-employed, and has now been with the City for 13 months. Public Works includes streets, boulevards and sidewalks, water, sewer, building maintenance (including the train depot) and Lake Mattoon and Lake Paradise dam maintenance. Dave shared information about annual planning and projects and the cost-sharing program that is allowing the city to more quickly improve sidewalks. Dave shared information regarding grant opportunities that have helped support city projects and the new IWORKS online system that will soon be launched to enable community members to report problems and enter information. This will allow a more streamlined response by the appropriate city departments.

On February 26, Steve Kite introduced Jeff Hilligoss, Fire Chief, Mattoon Fire Department, as the program speaker. Jeff is a lifelong resident of Mattoon who has been part of the Fire Department since 1995. Jeff began by encouraging community involvement to help ensure a safe community, including the importance of having functioning smoke detectors. He also shared how the Fire Department can help with disposal of old home fire extinguishers. The Fire Department employs approximately 30 firefighters with 17 of the 30 being new. All new recruits attend a 12-week fire academy and must also be paramedic certified. The daily minimum number of firefighters on duty is 8. The minimum number needed to send to a fire is 15; therefore, partnerships with local volunteer departments and neighboring departments are important. The department responded to approximately 3,600 calls last year, generally categorized into one of the following four categories: structure fires, traffic accidents, medical emergencies, and water incidents.
