OPPORTUNITIES TO HELP IN THE GARDEN

Flag Rows: Saturday, May 8, 2021 8:30am-10:30am

We will be setting up the rows with flags. The weather forecast is partly sunny with a high of 60, but the morning will start in the upper 40s. Steve Leonard has done a masterful job of plotting out our plant spacing, so we will use his drawings to layout the rows for each of the plots.

In addition, we will assist Kim Williams in planting most of plot 4 (carrots, radishes, beets, and onions). Since most of these vegetables will be harvested by late June / early July, we will also plan to have a second planting in plot 4 in late August to get a fall crop as well.

Last year was a record year for producing fresh vegetables for those in need within our community. With the onset of warmer weather it's no time for us to get ready for some important work in the garden. Please mark your calendar for our annual big planting day, Saturday, May 15th, weather permitting, of course. We will have hundreds of plants that were grown by Brawner's Greenhouse that have to get into the ground that day, including tomatoes, cabbage, kale, cauliflower, peppers, broccoli, eggplant, sweet potatoes, etc. We'll plan to start by 8 am, but some of us will be there earlier. If you can only give an hour or two then we still want you to come. All of the plants will need to be planted and we hope to wrap up around noon. Please bring the following items with you:

Work boots and gloves, hats, sunscreen ♦ it will be dirty or could be a bit muddy

Hoes, garden rakes (not leaf rakes), spade, trowel or shovels

Water & Advil (for those aches and pains)

We have several people who have agreed to be crop captains and we want to spread the workload a bit. If you'd like to pair up with someone then please let Jeff Wilson know how you'd like to help. Let's focus on getting families and kids involved, especially since our club strategic plan is focusing on youth. If you don't have experience growing plants we have detailed print outs for planting, caring for and harvesting each individual crop. Plus, we have many members who have years of experience gardening who can guide you. Here is a list of those who are already committed to helping and also a list of vegetables that still need teams:

Potatoes ♦ Mark Budreau, Alex & Parker Perkins
Sweet Peppers ♦ Connor McCulley
Carrots, Radishes, Beets & Onions ♦ Kim Williams
Tomatoes ♦ Bob & Susan Guindon
Acorn & Winter Squash, Zucchini ♦ Barb & Dave Reid, Mary McKeown
Asparagus ♦ Bill Duquaine
Kale, Swiss Chard, Cauliflower ♦ Susan Leonard
Eggplant, Broccoli ♦ Bill Jarrow
Yellow Squash, Cucumbers ♦ Barb & Dave Reid, Mary McKeown
Strawberries ♦ Michelle Whelchel

In order to make real strides on this front, we must endeavor to become a stigma-free community. The COVID-19 pandemic has only magnified this need greatly.
