Upcoming Program

July 7: @ American Legion, Fishers

Dale Needleman, Co-founder

Technology Recyclers was founded in 2011 to address safe and secure computers and electronics recycling needs by consumers and businesses. During 2022, Technology Recyclers made over 3,200 pickups from Indiana businesses and held 80 corporate and community-based recycling events culminating in the collection of over 7 million pounds of electronic waste that might otherwise have ended up in Indiana landfills.

As a co-founder of Technology Recyclers, a veteran-owned electronics recycling company located in Indianapolis, he currently serves in the role of partner and business development manager, handling the day-to-day growth, marketing, advertising and customer support needs.

Dale has spent his career with several prominent branded companies in the pursuit of operational excellence through engineered outcomes and structured planning processes.

As a 25-year Fishers resident, Dale recently moved to McCordsville with his wife Claudia and dog Clover. Dale has 2 children – Eric and Sarah, 1 stepdaughter and his first grandchild, Arthur.

Dale initially became engaged with the Fishers Rotary club around 2010 when our club members helped with the City of Fishers recycling days. He continues to support our club through his annual attendance at our charity golf fundraiser.

Please welcome, Dale Needleman!

****Also joining us this week is Assistant District Governor, Janet Brewer, so be sure to give her a warm welcome!**

We hope to see you either in-person or online on Friday!

Community Garden

The 2023 Community Garden is off and growing! It was looking dry earlier this week (although late-week rain should help). The weeds are under control and the zucchini is looking good!

Thank you to our amazing volunteers!

SAWs: July 29th Build
