Diane and Ron Crawford, Rotarians

"Rotary joins other international agencies in providing immediate relief to disaster survivors through our partnership with ShelterBox and mobilizing our expertise to support long-term recovery and rebuilding efforts."

– Gary C.K. Huang, 2014-15 Rotary International President

ShelterBox delivers the essentials families need to begin rebuilding their lives after a disaster.

From their website: ([ShelterBox](#)) Each disaster is different, and so is every community. We don't believe that one size fits all, so we spend time talking to affected families to make sure we provide the right support at the right time.

For some disaster-hit communities, our family-sized tents are the best solution until they are able to start rebuilding their homes. In other disasters, heavy duty tarpaulins, ropes, & nails are needed to create emergency shelter or to patch-up damaged buildings.

Sometimes we provide a small amount of cash to families, alongside essential shelter materials and training, when the conditions are right. Tents, tarpaulins and tools are at the heart of our disaster responses. But when it's clear that providing cash alongside shelter essentials will have an even bigger impact on people's lives, that's what we'll do.

We know that a home is much more than bricks and mortar or tarpaulin and tent pegs. That's why we also offer other disaster relief items that are essential for survival and can help to turn a shelter into a home.

Please bring empty grocery bags for vegetables for the garden!
