Molly Sitsinger, guest of Victoria
Tom Stotterheimer, guest of Joe Wade

Thought of the Day - Dick Stevens

THOUGHT OF THE DAY: DICK STEVENS

(with an assist from Marty and Harold Johnson, Moraine Rotary)

Announcements

ANNOUNCEMENTS

Prez Scott: Temporary badges (kind of more like an arts-and-crafts project, really, created by Joe and Doug, emphasis on the word CRAFTS) were handed out to newest members: **Liz Ball** and **Jim Cunningham** in lieu of their REAL, OFFICIAL badges which are caught up in some kind of ordering/production/delivery timewarp but are on their way.

Joe announced the resignation of **Kyle Maschino**, "the Candy Man," of local business Friesinger's Fine Chocolates, who was a member for 28 years and is just overwhelmed by work. We hope to get him back after his retirement and our door is always open.

Beloved Rotarian **Dottie Pultz** passed away on July 6 and her service will be Sunday, July 23 at Routsong Funeral Home on 2100 East Stroop at 1:00 PM. In lieu of flowers, Dottie and her family have requested memorial donations be made to the Oakwood Rotary Foundation, PO Box 512, Oakwood, OH 45409.

We put the **RED** in red, white, and blue: Body donors (I will NEVER, EVER get tired of typing that), canteen workers and sustenance in the form of juice and home-made cookies are welcome as always at the OCC for the **Blood Drive**. Be there on July 22 from 8:30 AM-12:30 PM, drop off your supplies and then head on over to ... the **Hazmat Pickup** at 9:00 AM on the 22nd; meet up at TR's at with a truck or heavy-duty SUV, gloves, and plenty of SPF and hydration.

WHERE ARE THE ATTENDANCE SHEETS, inquiring minds like ours want to know and apparently it was a housekeeping item that slipped into the cracks between Peter's absence and Rob's acting as temp Secretary Elect in his stead. **Rob** is taking pictures of all the tables so attendance will be accounted for and (pro tip) if you don't get your attendance collected, you can legit claim you were in the bathroom while the pictures were being taken.

Polly stood in for **Trevor** to remind us that the **Habitat for Humanity Community Service Project** is scheduled for July 29 and is close by at a house on Gaylord in Kettering. Please register via a link at the bottom of the email Trevor sent out Rotary members.

Office of the Sergeant at Arms

SARGE TOM DALRYMPLE TRIES OUT HIS DAD JOKES
*(at least I think they were meant to be jokes ...)

The "Wits and Wagers" Edition

Okay, just lock up the shorts on

Friday morning or face a fine (looking at you, **President Scott and Brad Judge**), you might be better off just busting out the tux or white-tie if you've got it; think "what would the Crawley's wear to dinner at Downton Abbey?" and you should be in dress code, but no promises. Tom was somewhat disoriented by PJ sitting at a different table, so PJ paid the dollar price for his bold move. Tom blamed his momentary lapse on the time he worked in "orange juice production, had a problem with *c*oncentration and then got *canned (see asterisked section above as to disclaimer on alleged humor).

Okay, so the "real fun" kicked in with table guesses and passed fines for the closest answer to a question without going over (kind of like The Price is Right" but a little lighter on the comedy). The fastest posted speed limit in the U. S. is 80 mph but we're pretty sure in some states there are sections without a speed limit, it just may not be posted (technicality and semantics). The shortest cow is 2.5 feet tall and there are 412 doors in the White House. The winner got a box of Kraft Mac and Cheese to enjoy at home and if you like it, love it, and want some more of it, head on down to the Yellow Cab Company to celebrate National Mac and Cheese Day today.

Buck Talks

HAPPY BUCKS

Bob Neumeister put in a sad buck for moving to Bethany Village after 42 years in his home here in Oakwood and will still be attending meetings. **Josh** put in a buck for his daughter coming back after a recent trip as a better person than she left. **Bill Sherman** put in a dollar to celebrate his one-month trip to the beautiful Canadian Rockies, **Dick S.** put in a buck for his trip to France (they've converted him to a Francophile!) and his Rhine River cruise. **Jill** put in a buck for Tom already, in one week, surpassed in bucks and fines, her total collected for one year. **Rob Silts** put in \$2 for his recent trip and **Opa Tobes** put in a dollar for his recent trip to Key West.

Chuck Rossi put in a \$1,000 to announce his resignation from the Club and his move to Arizona after 12 years in the Rotary and he will miss us fiercely (and we will miss him)!! Our question is, who will take over the kitchen at TDIM? That's a huge toque to fill and we will try to live up to his legacy at the 2024 Pancake Breakfast.

Speaker

PRESENTER

Frank Stietz, Rotarian and CEO of Norwood Medical

One of the biggest secrets in Dayton and part of the global Heraeus Group, Norwood Medical is a family-owned Fortune Global 500 company with over 100 sites in 40 countries and over 16,200 employees worldwide. Founded in 1960 with the technology to melt platinum on an industrial scale, in 2060 Norwood will celebrate 400 years as a family business and remains privately-held. Specializing in metals manufacturing for the medical industry, Norwood extracts precious metals and crafts single-use cutting instruments for minimally invasive surgeries, robot-assisted surgery, and orthopedics.

Norwood recently broke ground on their 11th manufacturing building at their Dayton headquarters and Norwood executives were joined by Dayton Mayor Jeff Mims and Dayton City Manager Shelly Dickstein to celebrate the company's investment in and commitment to Dayton. To support their goal to double in size in seven years, Norwood is in need of industry-leading operators for their manufacturing processes and software automation staff and the company culture emphasizes innovation and practices that provide maximum customer value. Always mindful of reducing their carbon footprint to mitigate environmental impact, their goal to reduce carbon emissions goes hand-in-hand with their commitment to lean manufacturing processes.

For more information on Norwood Medical, visit their website at <https://www.norwoodmedical.com/>.
