QUOTE OF THE DAY:

"Do what you can with what you have, where you are" ~ Theodore Roosevelt

We closed the meeting with the 4-Way Test.

March brings the vernal equinox, the Full Worm Moon and the return of Daylight Saving Time!

March 8 is International Women's Day, which is a day that not only celebrates the achievements of women and the progress made toward women's rights, but also brings attention to ongoing struggles for equality around the world.

March 12 is the start of Daylight Saving Time, which begins at 2:00 A.M. that day. If your area observes it, don't forget to "spring forward" and set the clocks one hour ahead, or you may find yourself an hour late to everything!

March 15 is the Ides of March! Legend surrounds this ill-fated day. Beware the Ides of March!

March 17 is St. Patrick's Day. According to folklore, folks wear a shamrock on St. Patrick's Day because the saint used its three leaves to explain the Trinity.

March 20 brings about the March equinox—also called the vernal or spring equinox in the Northern Hemisphere—marking the beginning of spring. In the Southern Hemisphere, this date marks the autumnal equinox and the beginning of fall. On this day, the Sun stands directly over Earth's equator.

March 22 marks the start of Ramadan, which begins at sundown on that day. In Islam, Ramadan is considered a holy month when a month-long, sunrise-to-sunset fast is observed.

March 29-31 are known as the Borrowing Days. According to lore, the last three days of March have a reputation for being stormy.
