Guest Speaker - Child Spirit

Bringing a smile to the faces of children confronting unimaginable challenges inspired this group to do more for the children in our community. It's a genuine passion for community service that unites our Board. With this goal in mind, Child's Spirit, Inc. was formed and incorporated in the summer of 2014 and obtained 501(c)(3) status shortly thereafter. Our group consists of six individuals all associated and working in the real estate

industry. They are Grace Patterson, Santosh Bhatt, Karen Bhatt, Christopher Squires, Louise Miller and Dennis Miller. More importantly, all have a passion in reaching out in our community to assist children and families in need. Since our startup we have been able to assist numerous children and families needing assistance in the Kentuckiana area. Our reward in helping these families are stated by some of those that we have assisted.

What We Do

We want to help children and their families who face challenges due to an illness, mental, physical or financial issues and more. Often families become overwhelmed or a child has a special request or need that may require help from outside. Such help and support will remove some burden/stress from the child and the family. Our mission is to Lift Spirits of Families and Children with Challenges - One Family at a Time.

Child's Spirit has decided to keep the help and support at an individual level instead of the institutional level. There are many charity organizations in our local area who do wonderful job. If we made financial contribution to such organization, we are sure it will be put to good use but we would not know who was helped or how our help lifted a spirit or two. So, we work directly with the challenged child/family to see the impact quickly and more readily.

We count on folks like you to direct families with challenges to us or direct us to the families. We are here to help children up to age 18 in the Kentuckiana area. If you know someone in need of a helping hand, please let us know.

District Project: Shoes for Orphan Souls

By Kaytlin Edwards on Tuesday, December 4, 2018

Children across the United States and around the world worry every day about not having good shoes to wear for day to day tasks like walking to school, playing soccer, and many other tasks we don't think twice about. This year, Rotarians in District 6710 have a chance to Be the Inspiration in these children's lives by providing shoes through the [Shoes for Orphan Souls](#) project. As District Governor Michael Owsley has challenged each of our clubs at his official visits and directly to all of our club presidents earlier this year; every club is being asked to help

with this worthy project.

The project is simple. Collect new shoes. Bring them to the district conference on May 17-18, 2019 in Louisville. More information can be obtained by looking at the website of our partnering organization, Buckner Shoes for Orphan Soles by clicking [HERE](#).

My name is Kaytlin VanMeter. I am president of the Rotary Club of Grayson County and am serving this year as the District Community Service Chair. You can contact me directly through my email at kaytlin.vanmeter@gmail.com if you have any questions or if you have great suggestions I can share with other clubs. Let's all go "Be the Inspiration!"
