CEO Lawrenceburg Chamber of Commerce  
Economic Development Update

Pictured above Rotary President Elect Jason Armbruster, Ben Barnett from the Chamber, Speaker Ryan Egly, Hope Mc Dow from the Chamber, and Rotarian Presenter Olivia White. Lawrenceburg Rotarian Ryan Egly updated the Rotary Club on current Chamber of Commerce activities. Much of the Chamber's time is focused on economic development and Egly described the general process for recruiting new businesses for our community. Lawrence County has a plentiful availability of utilities including power, water, waste treatment, and developing high speed internet access. Several tracts of land are available for new industry development and the Chamber is working to develop additional land availability. According to Egly, Lawrence County has a large number of workers who commute to jobs outside of Lawrence County which will provide a ready supply of workers for businesses that choose to locate in our community. The Chamber also works with promotion of tourism, workforce development including its Leadership Lawrence County program, and other services for existing business and industry.
