Program—TCAT Skills USA with
Christa Williams, McCauley Kinzer and
Hayden Feltman

Pictured above Skills Contestant Hayden Feltman, President Greg Kelso, TCAT VP of Student Services Christa Williams, and Skills USA Contestant McCauley Kinzer. TCAT-Pulaski is one of 27 applied technology colleges across the state serving the citizens of Tennessee. The main campus is located in Pulaski with satellite locations operating in Lawrence County and a current enrollment of 279 students.

MS Williams discussed TCAT's participation in Skills USA which is a nationwide partnership of students, teachers and industry working together to ensure America has a skilled workforce. Skills USA provides educational programs, events and competitions that support career and technical education (CTE) in the nation's classrooms. TCAT-Pulaski is one of only 24 nationwide and the only institution in Tennessee that has received the Skills USA Model of Excellence rating. MS Williams introduced TCAT Students Hayden Feltman and McCauley Kinzer who will be participating in Nashville in an upcoming Electrical Plumbing Construction Technology Program competition. They described the hands on work they performed at the Fair's Riley Green Concert in 2021. This included construction of stage platforms, raising the stage canopy, setting up speakers and sound equipment, plus performing numerous electrical hook ups under the supervision of professional riggers and electricians. Feltman and Kinzer reported that it was very gratifying to be applying the work principles and skills from their TCAT classes in a real world environment.
