TN Suicide Prevention Network with  
Mary Anne Niedergese Christian

PAST MEETING (January 26, 2023)  
Cloud 9 Wireless and Local Airport with  
Landon Sanders

Pictured above: Rotarian Landon Sanders and President Tiffany Cope. Mr. Sanders said that Cloud 9 Fiber network now covers most of Lawrenceburg with extensions to New Prospect and also to the country club area. The next expansion will be north towards Ethridge. Cloud 9 servers broadcast live TV via Roku and weather channels from digital outlets across the country including Lawrenceburg’s Tennessee Valley Weather Channel. Cloud 9 is privately funded which allows the company to purchase equipment and materials from sources not available to publicly funded systems.

As a member of the local airport board, Mr. Saunders discussed current facilities and future improvements at the Lawrenceburg airport. The airport has recently acquired land north of its existing boundary to facilitate improved instrument landing approaches and an eventual runway extension. The airport has a long range plan for runway extensions, additional hanger space, and other facilities to serve increased traffic in future years.
