Panel – Ending the Childhood Literacy Crisis

Children not reading on grade level by 3rd grade are 4 times more likely to drop out of high school. Only 34% of third-graders in MNPS are reading on grade level. This discussion will address key topics to understand childhood literacy in Nashville. Find out what our city is doing to address this crisis and how we can be involved. Literacy is a key area that NRST Footprint Fund addresses through funding and volunteering with Book'em and Moves and Grooves.
